

Co-Counselors are using RC theory and practice with ever-increasing precision and power in a highly motivated effort to move individuals, constituencies, and the society in the direction of rationality as rapidly as possible. We think you will be encouraged and motivated by the reports—about liberation, Co-Counseling, teaching and leading RC, and making change in the wide world. For the January issue, we'll need your articles and poems by November 16 and changes to the back-pages lists by November 23.
