THE RC TEACHER

All RC teachers are expected to receive and review *A New Kind of Communicator (Revised 2011 Edition)*, the Manual for RC Teachers. (Also, all back issues of *The RC Teacher* are available to be ordered if so desired.)

I hereby order and will pay for *A New Kind of Communicator (Revised 2011 Edition)*

I already possess it

Reason, if no box is checked:

TEACHERS' PACKETS OF NEW RC LITERATURE

All RC teachers are expected, as part of their responsibilities as RC teachers, to receive Teachers' Packets (one copy of each new RC publication in English) and display and sell the literature to their students, *or*, if they wish to keep it personally, take orders from the students or encourage them to order it for themselves. *All the literature* should be available to anyone teaching or learning RC. The only exception is if the teacher and their students do not read English.

If the cost of the literature is a hardship for you, and you cannot sell it or purchase it without help, you are expected to notify the International Reference Person that International Outreach Funds are needed by you in order to pay for the literature. This will not happen automatically. You, as the teacher, must apply for the International Outreach Funds to the International Reference Person (ircc@rc.org) and must take responsibility for seeing that this application is made.

I hereby place a standing order with Rational Island Publishers for all forthcoming Teachers' Packets of RC literature, for my own use and to sell to my students

I do not read English well and have non-English-speaking students

PRESENT TIME

All English-speaking RC teachers are required to receive *Present Time* regularly. Check one of these boxes.

I enclose a subscription card and payment for a subscription to *Present Time*

I will order a subscription to *Present Time* on-line at <www.rationalisland.com>

I have a current subscription to *Present Time*

I receive *Present Time* through my community

I do not read English
