5-year Climate Plan/Ideas
New Orleans, Louisiana, U.S.A.
January 22, 2023

1. In RC:
 1. Assist in mostly PGMI fundies class to help grow that constituency in our area
 2. Teach a class to build people's capacity for climate work
 1. Fundamentals class to get people the RC tools they need to take action
 2. And/or ongoing class with the perspective that everyone can be a climate activist
 3. Accelerate EWR work in my area
2. At Work
 1. Create programming beyond residencies at a Studio in the Woods on reclaiming relationship to the land especially as a former plantation and a current site of drastic environmental change and explore how are these things related -
 1. Could be a workshop, circles, symposium
 2. Healing activities and reciprocity for the forest
 1. Singing to the forest workshop
 2. Ritual workshops with listening (mini sessions for participants)
 2. Expand the Environmental Justice Hub at our annual festivals in 2023 and beyond. Work with regional EJ orgs we have relationships with to showcase their work
 3. Continue to support artists doing climate related work – esp PGMI
 4. Collaborate on embedding an artist in a local climate justice NGO
 5. Increase Bulbancha residencies for Indigenous artists – locally and expand to international exchanges
3. SAL events in New Orleans
 1. Think & listen stations at protests
 2. Think & listen stations at local/ regional festivals
4. Do an art project: “Love letters to oil executives”
 1. Reaching for their humanness - contradiction to men’s oppression
 2. Create a campaign to get people to send love in their direction
- 5.
