

Zhenia 5 year plan

RC:

- 1) Teach on climate A LOT in my ongoing class
- 2) Continue teaching RC to young climate movement staff
- 3) Discharge on early exhaustion and overwhelm and on Janet Foner's 5-point program

Wide world:

Prioritize building a climate movement in my field

- 1) Continue to co-lead my climate organization: advocacy projects, smaller advocacy teams, e-conferencing initiatives, local workshops, monthly forum series, blog series, sharing resources, building momentum outside the US, membership growth and starting regional hubs
- 2) Propose and teach new core curriculum class on climate change and climate justice
- 3) Continue recruiting and logistics for Sunrise Movement on campus and in the city
- 4) Everywhere I am, support people to take climate leadership, be excited about them
- 5) Lead from a place of connection, not obligation, and lead others to do the same
