

The articles in this April *Present Time* run the gamut—from counseling successes with toilet training to thoughts about COVID vaccinations to a family meeting about the climate crisis. There are strong sections on elders' liberation and "mental health" liberation. We encourage you to read "The Uncovering of Reality," an entire chapter from Harvey Jackins's book *The Benign Reality*. For the July issue, we'll need your articles and poems by May 17 and changes to the back-pages lists by May 24.
