

Welcome to the July 2024 *Present Time*. There is continued emphasis on working on our earliest distresses. Very timely is an article on guiding the transformation of society. There are many articles about women's liberation, including about the elder women leaders' liberation workshop. And much more. For the October *Present Time*, please send us any changes to the back-pages lists by Monday, August 12. Send articles and poems by Monday, August 21.
